Lockhart Road, Wanchai, Hong Kong

## Important Safety Instructions:

When using the product, all instructions and basic precautions should always be followed, including the following:

**DANGER** - To reduce the risk of electric shock:

Always unplug this product from the electrical outlet immediately after use and before cleaning.

**WARNING** - To reduce the risk of burns, fire, electric shock, or injury to persons:

1. The product should never be left unattended when plugged in. Unplug from outlet when it is not in use and before putting on or taking off parts.
2. Do not operate under blanket or pillow. Excessive heating can occur and cause fire, electric shock, or injury to persons.
3. Close supervision is necessary when this product is used by, or near children, individuals, or disabled persons.
4. Use this product only for its intended use as described in this manual. Do not use attachments not recommended by the manufacturer.
5. Never operate this product if it is dropped, has a damaged cord or plug, a malfunction, or it is dropped in water. Return the product to service centre for examination and repair.
6. Do not carry this product by its supply cord or use cord as a handle.
7. Keep the cord away from heated surfaces.
8. Never operate the product with the air openings blocked. Keep the air openings free of lint, hair and the like.
9. Never drop or insert any object into any openings.
10. Do not operate where aerosol (spray) products are being used or where oxygen is administered.
11. To disconnect, switch off all controls and remove plug from outlet.
12. The product is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities or with the lack of experience and knowledge-unless they have been given supervision or instruction concerning use of the product by a person responsible for their safety.
13. Children should be supervised to ensure that they do not misuse the product.
14. Use heated surfaces carefully. May cause serious burns. Do not use over insensative skin areas or in the presence of poor circulation. The unattended use of heat by children or incapacitated persons may be dangerous.

**Save these instructions** - this product is intended for household use only.
